

PREDICTS A SWEEPING VICTORY FOR BECKHAM

Leading Democratic Newspaper in Stanley's Home District Concedes Beckham's Nomination

Consentation was thrown into the Stanley ranks in Kentucky Tuesday morning when the biggest daily newspaper in Stanley's home district, the Owensboro Messenger, conceded Beckham's victory in the primary and Saturday week, August 1st. This was the first utterance of Editor Urey Woodson on the senatorial race, and since Editor Woodson has taken this position, it is said to presage a sweeping Beckham majority in Daviess county and the city of Owensboro, and Daviess county has the largest democratic vote of any county in the Second congressional district.

A special dispatch from Owensboro Tuesday morning said:

Owensboro, Ky., July 20.—J. C. W. Beckham spoke here today to a crowd of more than 1,500 people and was given a most enthusiastic reception. He has always been strong in Owensboro, but it is a remarkable fact that in this race the Mayor and nearly every member of the City Council, and practically all of the city officials, including twenty-one firemen, policemen and members of the street cleaning brigade, as well as many of the county officials, are earnestly supporting him. Both of the newspapers seem friendly to his candidacy. Urey Woodson in an editorial in the Messenger tomorrow will say:

"The Messenger has not felt inclined to take a hand in the Senatorial contest that has been on in Kentucky for months, and which is now to close, so far as the nomination is concerned, in the next ten days.

"It owes none of these candidates anything. It has served all of them repeatedly in the past. It will give to the nominee of the Democratic party, when the primary votes have been counted, the best support at its command, and will do its utmost to insure his election in November.

"The primary contest being now, however, virtually at an end, and the leading candidate having canvassed from ninety to one hundred counties, it is not difficult, in view of the Messenger's opportunities for observation, to predict the result. It takes no great political prophet to do this.

"Mr. Beckham will win the nomination hands down. That was evident three months ago. Nothing has meanwhile transpired to change the situation. The memory of it, however, has not been forgotten. He is an indefatigable worker and a wonderful talker. But he seems to have made little headway. Gov. McCreary has made none at all. Both of them have encountered a wave of public sentiment that it was impossible to break.

"The people do not seem to have been impressed with perivert oratory on the part of any of these candidates. The central idea with them is that a great wrong has been done by Beckham years ago when, as the democratic nominee for Senator, he was slaughtered in a Democratic Legislature, defeated by the lavish and corrupt use of money.

"The scandal of that senatorial election was much greater than the Lottier scandal. It warranted investigation and criminal prosecution, but, strange to say, it was never investigated. The memory of it, however, has remained with the people and there is among them an irresistible determination to avenge that wrong and vindicate Beckham at the polls this year.

"The Messenger has not been in hearty accord with Mr. Beckham for some years. It does not fully agree with him in some of the positions he is now taking. It does not find it possible to endorse him, any more than it does over Mr. Stanley. As a newspaper it records faithfully what is going on in Kentucky today.

"Opposition to Beckham is useless. He will get more votes, many more votes, in the primary than Stanley and McCreary combined. His race for a nomination is won. Further acrimonious speaking should be ended. It can be only destructive of party harmony. It is time to be looking forward to November."

WHAT MOST OF THE COUNTRY PAPERS HAVE TO SAY OF SENATORIAL RACE IN CLOSING DAYS OF THE CAMPAIGN

J. C. W. Beckham, of Kentucky, the man of the hour in this crucial year in Kentucky politics.

From a Jefferson County Paper (From Jeffersontown Jeffersonian)

On August 1st—just fifteen more days—the voters of Kentucky will nominate candidates for United States Senator.

For the long term the Democratic candidates are Ex-Governor J. C. W. Beckham, Gov. James B. McCreary and A. O. Stanley. There is much interest manifested all over the State in this race, and each candidate claims the lead.

The way it looks to us, after reading reports from all over Kentucky, Mr. Beckham stands with a nation-wide reputation. Mr. Beckham doesn't deal in that kind of clap-trap about his opponents or any one else. He is too big and broad and well-bru'd to get down to such a low plain—treckin'-ridge news.

From the Louisville Courier-Journal

One of the most puerile, misleading and false of all the absurd arguments being made by Mr. Stanley and his managers was an attempt to discredit an article, "Beckham of Kentucky," which appeared in a recent issue of Harper's Weekly. The article was devoted to a review of Kentucky politics, giving high praise of Mr. Beckham's public service, and hearty approval of his senatorial candidacy.

The editor of the Louisville Times, for which the Stanley Headquarters stand responsible, appears the following statements relative to the above mentioned article:

The stand in favor of Beckham taken by Harper's Weekly, is apt to prove one of the most valuable boosts for the Stanley stock that has been made since the campaign began.

For Harper's Weekly, it will be recalled by all who were familiar with the events that led up to the Democratic National Convention at Baltimore, in 1912, is the paper which started out to strongly support Woodrow Wilson for the Democratic nomination for President, and which the then Governor of New Jersey, had to request directly to stop.

The reason given by Woodrow Wilson, now Democratic President of the United States, was that, good intentioned even though it was, the support of Harper's Weekly in a political campaign was a burden that Woodrow Wilson did not care to carry.

To-day this paper is supporting Beckham, and Stanley and his friends feel a sympathy for the former Governor in that he has to carry a load that Woodrow Wilson cast off his back.

This is maliciously misleading and untrue. It is a fact that Col. George Harvey, who was editor of Harper's Weekly in 1912, very strongly espoused the Democratic nomination for President, and that Mr. Wilson asked Col. Harvey to abandon such active support, as he (Wilson) believed that it would hurt, rather than help his cause. It is also true that George Harvey and Henry Watterson were later the leaders in a despicable effort to discredit Wilson's campaign and to defeat him for the nomination. The same Henry Watterson is perhaps the most implacable political enemy Mr. Beckham has in Kentucky.

However, Col. Harvey has nothing to do with the editorial management of Harper's Weekly now, and has not had for some time. Harper's Weekly today is edited by Norman Hapgood, and there is no periodical or journal in this country that is giving the Wilson administration more vigorous, loyal or intelligent support. Further than this: Mr. Hapgood was for many years, and is now, the editor of Collier's Weekly, and resumed when Collier's abandoned Democratic principles, and began its attacks on the Wilson administration. Mr. Hapgood, according to what was printed in the papers, would not write for a periodical whose views were so much at variance from his.

The Harper's Weekly Democracy under George Harvey is as different from the Democracy of Norman Hapgood as the Thomas F. Ryan Democracy is Democracy is different that from of William F. Ryan.

The News has no idea that Harper's Weekly intends to take an active part in the Kentucky Senatorial campaign, nor do we believe that it would be good taste for it to do so. It simply wanted to introduce to its readers the advance the next Senator from Kentucky and acquaint them with some of his political history and achievements.

The support of Harper's Weekly was a burden under George Harvey, but under the unwavering support it is giving Woodrow Wilson's administration, it is distinctly creditable.

The News before long will reproduce "Beckham of Kentucky," as coming not from a paper that says "No Prohibitionist can be a Democrat," not from a paper that denounced Woodrow Wilson as a "crook from New Jersey," not from a paper that has assailed and vilified Mr. Bryan for twenty years, but from a journal that so long as it has been under its present editorial control has consistently, patriotically and intelligently upheld the hands of Mr. Wilson and his colleagues, and aided them in giving to the country a wise administration.

Lexington Herald' Straw Vote

Barbourville, Ky., July 18.—Former Governor J. C. W. Beckham led in the straw vote for United States Senator taken by the Lexington Herald staff correspondent aboard the mountain agricultural special, at Barbourville, by nearly 3 to 1 over the combined vote of his two opponents, Gov. McCreary and Congressman Owensley Stanley. Beckham's friends are enthusiastic and say that among the country folk he will poll the full Democratic vote.

The straw vote at Barbourville resulted:

Beckham 52, McCreary 3, Stanley 10.

Augustus E. Willson 21, R. P. Ernst 10.

Powers 19, Bosworth 33.

George W. Jolly, candidate for United States Senator on the Progressive ticket, got four votes, and John H. Wilson, Progressive candidate for Congress, four votes.

At Pineville the vote stood:

Beckham 8, McCreary 1, Stanley 10.

Augustus E. Willson 2, R. P. Ernst 0.

Powers 2, Bosworth 2.

At Berea, Madison county, the Herald reported a straw vote taken at the depot. Berea is in Governor McCreary's old congressional district but he only broke even with Stanley in dividing the opposition to the nomination and election of former Governor J. C. W. Beckham.

Former Governor Augustus E. Willson outran Colonel R. P. Ernst among the Republicans and seems to have the best of the Covington politician. Only one Progressive showed up and he was so enthusiastic in advocating Roosevelt for President, that he forgot who was running for United States Senator on the Progressive ticket.

Senator Johnson N. Camden there, as at Lexington, received a decided preference for the Democratic nomination for the short term and was practically the unanimous choice of those who expressed their preference in that contest. The straw vote at Berea showed the following results:

For United States Senator, long term, Beckham, 6; McCreary 3, Stanley 3, Republican Augustus E. Willson, 7; Johnson N. Camden, 11.

Mr. Beckham

(From Shelbyville Sentinel)

No man in the whirl of political life of the Democratic party in Kentucky stands so prominently forth in the public eye as Ex-Governor J. C. W. Beckham. Not by accident, but on the contrary, by merit, he has won his position. He has not only been successful in his own right, but he has been successful in the eyes of his friends, and his enemies. He has always fought in the open and always fair. All he has ever asked for is a hearing and, given it, acquitted himself with credit and distinction.

He takes his seat for a while with every sensible Democrat, we feel that his election is already assured him. Yes, Kentucky will shortly again come into her own, and the Nation, rousing itself and looking the young champion of Kentucky over, will say, "Well, well, he is a pretty clean-cut fellow and one of the most promising young men in the most august body of the world."

His friends everywhere, from end to end of the State, gladly hail him as their State Senator, and his friends in the West, and his friends in the East, are all in a hurry to get to him. He is a man of great service to the party in the position that he aspires to—the Senate of the United States, Kentucky will be instantly recognized when he takes his seat for a while with every sensible Democrat, we feel that his election is already assured him. Yes, Kentucky will shortly again come into her own, and the Nation, rousing itself and looking the young champion of Kentucky over, will say, "Well, well, he is a pretty clean-cut fellow and one of the most promising young men in the most august body of the world."

Just to give a bit of advance notice and to break the news gently: Beckham has already gotten the nomination and has gone off with it. It is a runaway race, and Shelby county will roll up a wave of victory who was it necessary to say that he has to carry a load that Woodrow Wilson cast off his back.

This is maliciously misleading and untrue. It is a fact that Col. George Harvey, who was editor of Harper's Weekly in 1912, very strongly espoused the Democratic nomination for President, and that Mr. Wilson asked Col. WOMAN'S CLUB FORMED IN LINCOLN COUNTY

Progressive Ladies Get Together And Set on Foot Plans For Live and Active Organization

A number of live, progressive women of Stanford got together last week, while Mrs. Cora Wilson Stewart was here and organized what will be known as the Woman's Club of Lincoln County. Steps will be taken to federate with the other women's clubs over the state which play so important a part in promoting of civic affairs in their several communities and the Woman's Club here bids fair to be a power for good in this community.

Mrs. Stewart who is actively in connection with the organization work of the State Federation of Women's Clubs made a short address detailing necessary steps, and work to be undertaken. Plans have already been formulated for the establishment of a public library under the auspices of the Woman's Clubs.

BECKHAM SPEAKINGS

Candidate for Senator at Danville Saturday and Lancaster Monday

Monday will be a big day in Lancaster. It is county court day there, and in addition, Gov. J. C. W. Beckham, who is making a whirlwind campaign for United States senator, will speak there in the interest of his candidacy. The speaking will be shortly after one o'clock. Both Stanley and McCreary have already spoken at Lancaster, and the friends of Beckham have been anxious for him to go there before the campaign closed. They assure him a big crowd. A brass band has been engaged to stir up things. Beckham's friends are claiming that he will carry Garrard county by a large majority.

On Saturday afternoon next, Gov. Beckham will speak in Danville. Stanley is the only senatorial candidate who has spoken in Danville in the present campaign. A big crowd is assured there Saturday afternoon to hear the ex-Governor as he is very popular in Boyle county and will undoubtedly carry that county.

Local Mules Shown at Mt. Sterling

The Mt. Sterling fair began today and Lincoln county exhibitors will be well represented, especially in the mule rings. Col. S. T. Harris and Robert B. Woods sent over several representatives from their crack string and H. Woods sent over a number of good ones. In the Harris & Woods string were six mules, the pick of which was a two year old mare, 16 hands high and weighing 1,440 pounds. It will take some mule to beat this one. They had four three and two year olds. Jim Woods sent a couple of nice yearlings and a mare and a colt, which ought to win in their classes. Still Mt. Sterling is in the mule country and they will have to go up against the best in the land. Bob and Jim Woods both went over to see the mule shows.

Somebody Stole Dry's Petition

The petition filed by the "dry" of Anderson county at Lawrenceburg, last Tuesday has been stolen and County Clerk Cook says he has no knowledge of the time or manner of its disappearance. Wednesday evening Mr. Cook put the petition in a place known only by himself and the county judge, as he thought, but the next day when the receptacle was opened, the paper was gone. Jailor Siers says he saw a light in the County Clerk's office about 10 o'clock Wednesday, but, thinking the clerk of his deputy were at work, he made no investigation. The loss was discovered when counsel for the "drys" filed a supplemental petition, bringing the number of their signatures up to 841. The lost paper contained 759 names. The "wets" filed petitions for separate elections to be held for the city of Lawrenceburg and the town of Tyrone, on the same day as the county election, September 28. The petition for Lawrenceburg contains 209, and that for Tyrone 118 names.

P. O. INSPECTORS HERE

Look Over Stanford With View of Experimental Fire Delivery

Postoffice Inspectors Victor Beck and Games, of Lexington, were in Stanford Tuesday inspecting the streets and making a map of the city, with a view of making recommendations to the department at Washington with experimental free city delivery. Former Postmaster J. C. Florence and Mayor A. B. Florence were over the town with them. While the inspectors did not commit themselves at all, these gentlemen seemed to think that they were very favorably impressed with the possibilities of Stanford for the experiment, and may so recommend. Mr. Beck is known to quite a number here, having clerked in Penny's Drug Store a number of years ago.

SAM WILHITE GOES TO JAIL

Bondsman of Former Lincoln Man Surrenders Him at Louisville

Louisville, Ky., July 17.—Samuel M. Wilhite spent last night in the county jail, the barred window of his prison room on the third floor overlooking the city hall, where he served thirteen years as Controller of Louisville. His bond of \$10,000, signed July 8, by David A. Keller, when he was arrested on a charge of embezzlement and confessed to a shortage of \$14,000 in contractor's bonds, was surrendered yesterday afternoon by Mr. Keller, who said:

"I became convinced that the effort to raise the money to reimburse the city was absolutely hopeless and after consulting with my attorney and various close friends, concluded that in justice to myself I could no longer continue as surety for Mr. Wilhite's appearance for an examining trial, which is July 29 in police court.

Trembling and colorless, Mr. Wilhite, in custody of District Detectives Yourell and St. Clair, arrived at the jail at 5:10 o'clock yesterday afternoon two hours spent in an effort to find a new bondsman. He was accompanied by John Dudley Winston assistant treasurer of the Fidelity & Columbia Trust Company, who continued the quest for a bondsman. His efforts were without avail.

When informed by a reporter that his bond was forfeited, Mr. Wilhite said, "It must be a mistake."

"I can't believe that," Mr. Keller has withdrawn from my bond," he said. "I was talking to him over the telephone this morning, and he did not drop the slightest intimation of such intention. There must be a mistake somewhere."

It was about 2 o'clock yesterday afternoon when Mr. Keller appeared at the Sixth district police station and directed the officer in charge to have Mr. Wilhite taken into custody, as he desired to be relieved. Before Detectives Yourell and St. Clair started for the Wilhite home, 1065 South Third street, Mr. Wilhite was told over the telephone.

When the officers reached his home about half an hour later they were informed that he had stepped out. This gave rise to a rumor that the former City Controller had fled, and the report spread rapidly. Leaving the Wilhite home the detectives returned about forty-five minutes later, and found Mr. Wilhite awaiting them. He had been joined by Mr. Winston in the meanwhile, and the four immediately stepped into the police automobile and Mr. Wilhite and Mr. Winston began their fruitless quest for a new bondsman.

"I have not abandoned hope of being able to raise money sufficient to redeem the bonds I hypothecated," Mr. Wilhite said. "No one will ever know how I have suffered because of this trouble, but there is one thing sure—if I ever get out of this I will make good and repay every penny I owe. This is a terrible thing but I have decided that the only thing for me to do is to make the best of the situation."

Mr. Keller said he made a final effort yesterday to secure pledges sufficient to enable Mr. Wilhite to redeem the bonds, but failed.

"A meeting of my friends was called," he said, "and the situation was thoroughly canvassed. Following that meeting I became convinced that it was a matter of utter impossibility to raise the necessary money, and upon advice from my attorney and various of my friends decided that the best thing for me to do was to surrender the bond. It goes without saying, however, that I am still his friend and as willing to do all that I consistently can do for him."

When asked whether he had received an intimation that Mr. Wilhite was preparing to flee the city Mr. Keller replied:

"I received no such intimation. I felt that I had made every possible effort to raise the money necessary to save Mr. Wilhite from prosecution if such a thing were possible."

High Honor For Camden

Another Senate precedent has been shattered. This is said to be the first instance of a newly-appointed Senator being chosen to preside over that body even for a few moments. Senator Camden presided for three hours.

A Good Investment

W. D. Magli, a well known merchant of Whitesburg, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of the entire stock of these medicines. For sale by all dealers.

BURGLARS BLOW MILL SAFE AT HUSTONVILLE

Metropolis of West End, Is Visited by Robbers For First Time in About Ten Years

For the first time in almost ten years burglars visited the little city of Hustonville Monday night, blowing the safe of the Hustonville Milling Company. They secured about \$14 and some change, but payment on the latter has been stopped.

No one heard the robbers and it is not known what time they did their work, the robbery not being discovered till morning when the force started to work. The safe was found with the door blown off and the cash in it gone, amounting to about \$14. Tools used by the marauders in effecting an entrance to the mill were stolen from the blacksmith shop of Burdette Powell.

Lair's bloodhounds were put on the trail as soon as the robbery was discovered, and are said to have made a trail straight east for town on the Stanford pike. Many believe that the robbers were making for the railroad where they aimed to catch a freight train near the trestle over the Stanford and Hustonville pike. Trains are said to be slowing down at that point now on account of some new work on the railroad and it would have been an easy matter for the burglars to hop a freight at that point, either going north or south, and thus make a clean getaway.

Severe Fire at Williamsburg

Williamsburg suffered from a severe fire early Saturday morning. J. E. Terry's store was found on fire about 2 o'clock. The flames were coming out a back window when first seen. The fire spread to the Congregational church, on the west side, and the Belmont Hotel, on the east side, both of which were destroyed, but considerable furniture from each was saved. Nothing was saved from the store building. The Gentry Hotel and several small residences were saved that would have burned had it not been for the new waterworks system. The loss will reach \$50,000, with insurance as follows: Terry, \$9,000 on stock \$4,000 on building, \$1,000 on church, \$3,000 on the Belmont, that was owned by Dr. E. S. Moes. The mystery of the fire is a mystery, as there had been no fire about the building for days. Lights were turned out except in the windows.

Moonlight Schools in Lincoln

Superintendent Garland Singleton and his teachers are determined to drive illiteracy from Lincoln county, and have inaugurated a campaign for that purpose which will be waged chiefly through moonlight schools, to be conducted in Sept. Through the efforts of Supt. Singleton and faithful teachers, the illiteracy of those between the ages of 10 and 20 has been reduced in one day from 315 to 315 during the past four years, which is a remarkable record. Now the Superintendent and teachers propose to attack the adult illiteracy, there being 1,801 of those deprived men and women in the county, 1,177 of whom are white and 624 being colored. This band of educators believe the respect and admiration of every citizen. They will be provided with free books and supplies and aided by the Kentucky Illiteracy Commission at Frankfort.

Clarence Ruble Drowns in River

About 4 o'clock Friday afternoon Clarence Ruble, a prominent young man of Jessamine county, was drowned in the Kentucky river, at Handy's Bend which is known for its dangerous whirlpools. There have been three fatalities there in the last fifteen years. Clarence Patterson was drowned in the same place, and his wife, who is a large family of prominent farmers in Garrard county. Several years ago they moved to Jessamine and rented the old Handy place, now owned by Dr. H. L. McLean. A number of young men were in the river bathing, Clarence Ruble sank suddenly. His body was recovered Friday night. He is survived by his brother, a twin brother, Clyde Ruble, and some other brothers and sisters.

Send This to A. O. Stanley

Washington, July 18.—Believing that he had received something to which he was not entitled, Representative Witherspoon, of Mississippi, has turned back into the Treasury Department \$82.50. That sum represented the amount of his salary for four days during which he was away from Washington recently on private business. The fact that Mr. Witherspoon had returned the money leaked out today, despite his desire to keep the matter a secret. Somewhere in the statute books there is a law which says a member of Congress shall not draw pay for the days he is absent, and not attending to his public duties. The law, however, has generally been regarded as a dead letter. But not so with Mr. Witherspoon. He voluntarily surrendered his four days' pay, and as a result, the government is just that much richer.

SHELTON H. BAUFLEY, Proprietor
61 A YEAR STRICTLY IN ADVANCE
Entered at the postoffice at Stanford as second class mail matter.

To every friend of Beckham—He will win if you go out and vote Saturday, Aug. 1st. Don't forget it.

HEARD ABOUT TOWN

Cashier Harry C. Baughman, of the First National Bank, left today for Tampa, Fla., and other points in the south, to spend his vacation.

During the storm last week lightning struck the residence of H. J. McRoberts on Logan avenue and did some slight damage. The weatherboarding was torn off, a section of the roof, but, luckily, the damage was not serious.

J. D. Eads was "lack home" in Stanford early this week a few days on business. Mr. Eads says Shelby county is sure to go for Beckham in the senatorial race. He says there are only four men in his precinct against Beckham.

McCart and Anderson, the hustling Ford agents, have recently sold touring cars to W. F. Dishon, on the Somerset pike, and to J. M. Carson at Phil, Casey county. Frank North, of Hustonville, bought a neat runabout.

News comes from near Cedar Creek that Col. J. P. Chandler is very low, and his friends fear that the end is not far off. Rev. J. G. Livingston, his lifelong friend, preached for him a day or so ago, which the sick man seemed to appreciate very much.

Mayor A. B. Florence, for many years assistant postmaster here, went to Crab Orchard last week to assist Postmaster Ed Gooch in "getting onto" the ropes in the office. Mr. Florence says that Mr. Gooch "caught on" quickly and will make a first class official in every way.

PREACHERSVILLE

The protracted meeting still goes on at the M. E. church. Good crowds in attendance. Rev. F. H. H. of Lancaster, is doing some good preaching.

There were no services at the Baptist church on Sunday as had been announced. Rev. Owens giving way to the Methodist brethren.

Mr. and Mrs. D. O. Lewis, of Moreland, visited Prof. Cyrus Johnson and wife. Mr. Lewis lived near here a few years ago and our people would all like to have him back as a citizen.

Bascom Archer and handsome daughters have returned home after a pleasant visit to Mr. and Mrs. E. Foley.

Arthur Miller was in Lancaster Friday.

Messrs. John T. Rigby and Logan Thompson motored to Mt. Sterling.

Mrs. B. T. Lunsford continues quite poorly.

Mr. and Mrs. Sebastian, of Garrard visited relatives here last week.

Prof. Lovell is now at Louisville, where he will attend school for some time. Mrs. Lovell and two handsome little sons will make her father, Mr. R. J. McAlister and family a protracted visit at their home on Drake's Creek.

Prof. Lovell taught at Crab Orchard on last term.

Miss Carrie Naylor visited the Misses Smith.

The residence of Mr. Evan Foley came very near being consumed by fire Saturday night. The fire was on the part of Mr. J. B. Hutchins, added by neighbors saved the structure. A defective flue caused the trouble. This is the fifth time this house has caught fire.

Pitt Sampson and sister, of Maywood, visited Mrs. R. H. Baird.

Little Miss Ida Paxton Jordan is at Princeton, the guest of her grandpa, Rev. Robert Jordan.

Dick Williams and wife visited Mrs. W. H. Cummins. They live near Lancaster.

Mrs. John Bell and little son, Marlin, of Corbin, are here.

Mrs. Harvey Cress and little daughter, Goldie, of Cincinnati have returned home after a pleasant visit to Mr. and Mrs. J. M. Cress.

The infant son of Mr. and Mrs. Fred Dyehouse is quite sick.

Burch Hester and wife, of near Stanford, visited Mr. and Mrs. D. M. Anderson.

Miss Mary Banks Anderson, of Stanford, visited her friends Misses Carrie and Grace Anderson.

Miss Ella Pettus was home from Springfield Sunday.

Mrs. and Mr. T. W. Naylor visited F. Miller and family.

Miss Mary Pettus will teach a fall term of school at Hubble.

Mrs. Rebecca Pettus and family enjoyed a family reunion Sunday. All of her children were present except one, a daughter in Kansas.

Ozz Anderson, on Stingy Creek has the largest tobacco in this section.

Thomas Bredehove is quite ill of rheumatism.

Our school will begin in September, we understand. The text books are not ready yet. Prof. Johnson and Prof. Hutchins will teach again.

Noble Young Girl Passes to Reward

Mary Evelyn, the fourteen year old daughter of Mr. and Mrs. C. C. Russell, died suddenly Wednesday morning July 15, at the home of her parents, three miles west of Hustonville. Although she had been in poor health for a year, no one suspected that the end was so near. Funeral services were conducted at the home on Thursday morning by Rev. Baugh, pastor of Hustonville Christian church after which interment took place in Hustonville cemetery. Deceased is survived by her mother and father, one brother, Curtis Russell and a baby sister all of whom have the deepest sympathy of a host of friends in this dark hour of gloom. Mary was the sunshine and happiness of that home and we realize the loneliness which surrounds the bereaved parents and brother. May they find comfort in the thought that they shall meet her again with the angels around the throne of God. Her life was modest and pure and she was a fair young girl, just budding into womanhood, had to be taken from our midst, but our Father knows best and we must bow in submission to his will. Modest she was, of spirit kind as gentle as the dew. Her life was sweet as murmuring wind, or bird that ever flew, placid, contented but to find, the noble and the true, and love so graced her soul in every part. All loved her in return for her warm heart.

Amos Cordial, who moved to the East End of Lincoln from Lawrence county, wrote the following newsy letter to the Big Sandy News in recent issue:

To my many friends of Lawrence county, I will write all through the columns of my old home paper, the Big Sandy News. I have been here three years since I left Wilbur, Land here in this county has advanced since I came here. A Mr. Bailey, of near Huntington, W. Va., has purchased of Josh Wilson a farm near here for \$5000. Many other farms sold too numerous to mention. The land here lays level and rolling, and is well adapted for corn, oats, wheat, rye, buckwheat, Irish potatoes, sweet potatoes, etc. Corn crops are splendid; wheat is good, said to be better than ever known for years. Very little sickness in this county.

Christianity in Fly Time

A FARMER came to the pastor of his congregation and asked that his name be taken off the church books.

"What is the trouble, Brother Jones?" asked the pastor.

"I supposed you were a faithful follower of the Lamb."

"Well, I sorter believed that myself, but there is just no use talkin', a man can't serve the Lord when he has to milk four cows in fly time. After the first heavy frost I'll try this church business again, but just now I either have to sell the cows, give up the church or be a durned hypocrite."

No need for Brother Jones quitting his church or selling his cows. Penny has got the flies beat a mile. Just go right into his drug store and tell him to get you a 25c can of Kresco Dip. take it home, use it as directed on the label, and you can milk your cow in peace and happiness.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WHY WEAK LUNGS?

The toll of tuberculosis is claiming more than 350 victims every day in the United States, yet few realize their grave condition until the critical period arrives.

Overwork, worry, weakness after sickness, catarrh, bronchitis, tender throats—all exert the weakening influence that invites consumption.

To guard against consumption, thousands of people take Scott's Emulsion after meals because its rich medicinal nourishment strengthens the lungs, puts vigor in the blood, and upbuilds strength to resist tuberculosis. Scott's Emulsion is nature's strength-builder. Refuse substitutes.

Miss Sue Womer has been confined to her room for several weeks, she is thought to be improved.

The young people from town who have been camping near Dix river for about ten days have returned. The members of the jolly crowd were: Wallace Singleton and Miss Katherine Gregory.

Thos. Coleman and Miss Sallie M. Craig, Harris Coleman and Miss Elizabeth Higgins, Lester O'Hannon and Miss Lucy Lee Walton, Welch Rochester and Miss Martha Hommel, William Grimes and Miss Mary Moore Roney, Joseph Hill and Miss Mary E. McKinney. Mr. and Mrs. L. B. Hilton were the chaperones.

Hill, Levi Proctor and Miss Jean Paxton went on a hay ride to Crab Orchard Springs last Friday night. Miss Clara Cooper was the chaperone.

Manuel—Lanham

Miss Ella Manuel of the East End, and Leslie Lanham, of Gravel Switch, were married Wednesday, July 15th, 1914 at 2 o'clock at the county home of the bride's parents, Mr. and Mrs. W. T. Manuel, the ceremony being performed by Eld. J. G. Livingston. The attendants were Miss Lucie Doan and Ivon Manuel, brother of the bride and Miss Nellie James and Mr. C. P. Robertson, of Gravel Switch. Miss Nellie wore a beautiful dress of pale blue cloth, which was very becoming and tastefully made. Miss Lucie wore a beautiful pink dress and as both girls are brunettes, the colors added much to their beauty. The bride, being a blonde, looked beautiful in a white crepe dress trimmed in Irish lace, with wide silk girdle and shoes to match. Immediately after the ceremony the bride changed her dress to a beautiful blue suit with hat to match, and the happy couple left in an automobile for Junction City and spent the night with the groom's aunt and uncle, Mr. and Mrs. Marion Whitehouse. They were accompanied by Mr. C. P. Robertson and Mr. and Mrs. T. C. Manuel. From there they went to Gravel Switch to make their home. They took rooms with Mr. and Mrs. T. C. Manuel, until their cottage is completed. Mr. Lanham has now a good girl, lovely in disposition and in every respect a worthy helpmate. Mr. Lanham has the position as bookkeeper for the People's Bank at his home town. He is a good Christian young man, esteemed by all who know him. A number of relatives and friends witnessed the marriage of this happy pair and all join in wishing them a long prosperous and happy life.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Wounded Man Will Recover

Clarence Hall and his brother Walter, of near Abeton, Boyle county, who were seriously wounded by Leonard Cooney on rolling fork, just over the line in Marion county, are reported as doing nicely and both are thought to be well on the road to recovery. It will be remembered that these young men, together with Cooley were fishing when Cooley fired in his ducked Cooney who opened fire upon the two brothers. At first it was thought that Clarence Hall would not live as he was shot twice through the body, one ball penetrating into the heart.

Doing hard work in a bent or stooping position puts a strain on the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of ELLIARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1 per bottle. Sold by Shugars' drug store and Lyne Bros, Crab Orchard.

Harrodsburg Liveryman Hurt

Walter Nooe, a liveryman, of the roadburg, was seriously injured Thursday afternoon while helping to load a heavy safe into a wagon in front of the W. B. Davis store. The safe was on blocks and was being jacked up into the wagon, when it slipped, falling on Mr. Nooe, crushing his right arm and leg and otherwise injuring him badly. He was taken to the hospital and it is thought both arm and leg will have to be amputated. He is married and has four children. He belongs to an old and widely connected family, is the son of J. A. Nooe, of Burgin, and brother-in-law of Walter Coleman.

Mr. Burnett Says Wonderful Treatment Saved His Life With Few Doses

Horace Burnett of Somerset, Ky., was a sufferer from Stomach disorders for a long time. His condition became highly serious and he feared an operation.

He took Mayr's Wonderful Stomach Remedy and got swift results. In a letter telling his experience he wrote: "Your treatment has certainly helped me wonderfully. I took my fifth dose last night and it brought good results. I have one more dose to take and I think I will be well. Your tonic is wonderful. I can eat anything now that I want to. I can never get through thanking you for your medicine, for I know it saved my life, for I have tried all the doctors and they said I would have to be operated on."

Such letters come from all parts of the country. This remedy is known everywhere for its remarkable results. Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accumulations and poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Lexington Bankers Ask \$500,000 Loan

The several national banks of Lexington have sent a request to Secretary of the Treasury McAdoo for a loan of \$500,000 to aid in moving the crops of Central Kentucky. This was in response to a notice issued a month ago that the Government would again consider such loans. Last year Lexington borrowed \$375,000. The increased amount is asked now because of the prospects for larger crops.

Fine Farm For Sale!

For private reasons I will have to give up farming; and will sell my home place of 230 acres. This farm is in 1-2 mile of Crab Orchard, adjoining the Fair Grounds and lands of J. W. Guest. It has a brick dwelling of six rooms, hall, porch, and cellar; a frame summer dining room and kitchen attached; a good tenant house, two stock barns, a \$1,200 tobacco barn of 8-acres capacity, and all other necessary outbuildings.

This farm is in a high state of cultivation; 130 acres of river bottom land, that is fine corn, meadow, or grazing land; 100 acres of upland, adapted to blue grass, and is fine for tobacco, corn, wheat and other grain.

Dix river bounds it on the east, with two creeks running through the farm, five never-failing springs, and a splendid bored well, of pure limestone water, at the door, which gives an abundance of stock water during the driest seasons, which makes it an ideal stock farm.

This farm can be nicely divided into two farms—about 130 acres with tenant house; and 100 acres with improvements.

Will sell as a whole or in two tracts, to suit purchasers. Liberal terms will be given. Seeding privileges given, and full possession January 1st, 1915.

T. A. Wayne & Co., stock dealers of Lebanon, sold and delivered last week to Winchester parties 138 head of stock hogs, which were bought from parties in the county at from 7 to 7 1-2 cents per pound. Talk of \$30 hay this winter has impelled Commissioner of Agriculture J. W. Newman to send out a bulletin to farmers, suggesting that they plant millet, cow peas, sorghum or corn broadcast in unused fields and so raise a forage crop for feeding their cattle this winter. Corn and sorghum planted at this time, he said, will be developed by fall sufficiently to make good feed, and cow peas and millet can be grown at this late season. Hay is only half a crop in Kentucky. Much of the clover was frozen out last winter, and the drought got the timothy to a great extent. Many farmers are waiting out a second planting of potatoes, which crop was entirely lost in many sections.

Morris, of Lincoln county 60 200 pound hogs at eight cents.

Fox Says Feeders May Go to 8 Cents

Every year thousands of fancy beefs for New York parties, says there is a great scarcity of beef cattle, and that he would not be at all surprised to see "feeders" selling at eight cents a pound now that the rains have come and give good promise of grass and corn. For the uninitiated it may be stated that "feeders" are young cattle which are put on feed and fattened for the following year's market. Fancy beefs, averaging 1,000 pounds or better, are now bringing somewhere in the neighborhood of \$8.40 per hundred pounds, which is a very substantial advance over the prices of a few years ago. Cattle on the hoof at \$8.40 make strident stakes in New York cost about forty cents a pound at the butcher shop and about \$2.50 on the hotel menus. Mr. Fox says that the low prices for beef cattle a few years ago led many farmers to quit feeding them and the stock ran down because so many cows and heifers went to the butchers. The breaking up of so much grass land for tobacco has also contributed to the shortage of cattle. Now that the prices are better the industry will be stimulated but naturally it will take two or three years to replenish the breeding stock.

Mr. Fox says that there are now scarcely any fancy beefs exported from this country, but that a great deal of Argentine meat comes to the United States by way of London. This beef, he says, is not as good in quality as the domestic article and for that reason does not compete with the home beef at the hotel and hotel tables, but it is widely sold and undoubtedly keeps the price for the bluegrass steer down lower than it would otherwise be.

SECRET OF SUCCESS

Genuine Merit Required to Win The People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system, the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents, also mention the Stanford Interior Journal.

Notice to Shippers of Sheep

The following regulation has been issued by the Live Stock Sanitary Board of Kentucky, Effective Monday, June 22nd, 1914: All shipments of sheep originating at points in Kentucky and passing through public market stock yards shall be dipped in a preparation already approved by this Board and loaded into disinfected cars before being permitted to go to any point in Kentucky other than for immediate slaughter. J. W. Newman, Chairman, Jos. Kastle, E. S. Good, G. N. McGraw, Fred R. Blackburn, H. M. Froman, I. L. Lettrele Members of Board. 59-3.

Surprising Cure for Stomach Trouble

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

CAMDEN TO GIVE A BARBECUE

Will Entertain Farmers Again At Versailles on July 26.

One of the big features of the state convention of the Kentucky division of the Farmers' Educational and Co-Operative Union of America, which will be held at Versailles, July 28, 29 and 30 will be a big picnic and barbecue which will be held at Spring Hill, Senator Camden's home place, Wednesday, July 29.

Senator Camden telegraphed to Frank McKee, of Versailles Saturday inviting the farmers to be guests at his place on that date, and promised to be present to make them welcome if it were possible for him to get away from Washington. Mr. McKee said that Senator Camden had advised him that he thought he could make arrangements to be present and join with the farmers in their meetings and celebrations. He said he would do so if it was possible to do so without neglecting his duties at Washington.

Other plans for the entertainment of the visiting farmers are being arranged by the Woodford County members of the Union, and Mr. Camden's invitation to come to his farm for a big picnic and barbecue was gladly accepted, with the splendid hospitality extended by Senator Camden last summer not yet forgotten.

Though the barbecue and ceremonies this year will not be as pretentious as last year, several notable speakers are expected and almost as many visitors as were present last year probably will attend.

President Barrett, of Union City, Ga., chief executive of the national organization, has promised to be present and address the meeting and Dr. Fred Muehler, of Lexington, connected with the United States department of Agriculture will deliver several talks during the convention and at barbecue.

Many other prominent officials and members of the national organization have accepted invitations to be present and address the convention.

At the barbecue last year at Spring Hill, at which Senator Camden was host, it was variously estimated that between 15,000 and 25,000 visitors gathered to hear the speakers, experts in agricultural matters, from all over the country and partake of the hospitality of Woodford County's leading citizen-farmer.

The farmers' Educational and Co-operative Union of America, the Kentucky division of which will meet at Versailles, is the largest and most powerful agricultural organization in America. It has 3,000,000 members, among whom are agricultural experts in nearly every state in the Union.

The hottest ball game of the Sunday School League season was played Monday afternoon when the Baptists defeated the Christians by a score of 8 to 7.

The rooters were out in full force and kept things lively. The pitching and batting of Wallace Singleton for the Baptists featured the game. He held the hard ball down in the ninth inning style when it would mean runs and won his own game with a home run to center field when the score was tied up, in the eighth, Lephew had the rest of the Baptist batters on his staff, however, for he struck out the next three men. The Christians came near tying it up if not winning it in the ninth inning when they pushed a man around as far as third, but Manager Walker struck out for the final out.

Talk of \$30 hay this winter has im-
pelled Commissioner of Agriculture J.
W. Newman to send out a bulletin to
farmers, suggesting that they plant
millet, cow peas, sorghum or corn
broadcast in unused fields and so raise
a forage crop for feeding their stock
this winter. Corn and sorghum plant-
ed at this time, he said, will be de-
veloped by fall sufficiently to make
good feed, and cow peas and millet can
be grown at this late season. Hay is
only half a crop in Kentucky. Much of
the clover was frozen out last winter,
and the drought got the timothy to a
great extent. Many farmers are set-
ting out a second planting of potatoes,
which crop was entirely lost in many
sections.

Fox Says Feeders May Go to 8 Cents

Monte Fox, of Danville, who buys
every year thousands of fancy hives
for New York parties, says there is a
great scarcity of beef cattle, and that
he would not be at all surprised to see
"feeders" selling at eight cents a pound
now that the rains have come and give
good promise of grass and corn. For
the uninitiated it may be stated that
"feeders" are young cattle which are
put on feed and fattened for the follow-
ing year's market. Fancy hives, averag-
ing 1,000 pounds or better, are now
bringing somewhere in the neighbor-
hood of \$8.40 per hundred pounds, which
is a very substantial advance over the
prices of a few years ago. Cattle on the
feed at \$8.40 make styron stakes in
New York cost about forty cents a
pound at the butcher shop and about
\$2.65 on the swell hotel menus. Mr.
Fox says that the low prices for beef
cattle a few years ago led many farm-
ers to quit feeding the stock, and the stock
ran down because so many cows and
heifers went to the butchers. The break-
ing up of so much grass land for to-
bacco has also contributed to the short-
age of cattle. Now that the prices are
so high the industry will be stimulated,
but naturally it will take two or three
years to replenish the breeding stock.

Mr. Fox says that there are now scarce-
ly and fancy hives exported from this
country, but that a great deal of Ar-
gentine meat comes to the United States
by way of London. This beef, he says,
is not as good in quality as the do-
mestic article and for that reason does
not compete with the home beef at the
best home and hotel tables, but it is
sold at an unduly low price, and keeps
the price for the bluegrass steer down lower
than it would otherwise be.

SECRET OF SUCCESS

Genuine Merit Required to Win The
People's Confidence

Have you ever stopped to reason why
it is that so many products that are ex-
tensively advertised, all at once drop
out of sight and are soon forgotten?
The reason is plain—the article did not
satisfy the necessities of the manufacturer.
This applies more particularly to a
medicine. A medicinal preparation that
has real curative value almost
sells itself, as like an endless chain
system, the remedy is recommended by
those who have been benefited, to those
who are in need of it.

A prominent druggist says "Take for
example Dr. Kilmer's Swamp-Root, a
preparation I have sold for many years
and never hesitate to recommend for in
almost every case it shows excellent
results, as many of my customers testify.
No other kidney remedy that I know
of has so large a sale."

According to sworn statements and
verified testimony of thousands who
have used the preparation, the success
of Dr. Kilmer's Swamp-Root is due to
the fact that it fulfills almost every wish
in overcoming kidney, liver and blad-
der diseases, corrects urinary troubles
and neutralizes the uric acid which
causes rheumatism.

You may receive a sample bottle of
Swamp-Root by Parcels Post. Address
Dr. Kilmer & Co., Binghamton, N. Y.,
and enclose ten cents, also mention the
Stanford Interior Journal.

Surprising Cure for Stomach Trouble

When you have trouble with your
stomach or chronic constipation, don't
imagine that your case is beyond help
just because your doctor fails to give
you relief. Mrs. G. Stengel, Plainfield,
N. J., writes, "For over a month past
I have been troubled with my stomach.
Everything I ate upset it terribly. One
of Chamberlain's advertising booklets
came to me. After reading a few of
the letters from people who had been
cured by Chamberlain's Tablets, I de-
cided to try them. I have taken nearly
three-fourths of a package of them and
can now eat almost everything that I
want." For sale by all dealers.

CAMDEN TO GIVE A BARBECUE

Will Entertain Farmers Again At Ver-
sailles on July 29.

One of the big features of the state
convention of the Kentucky division
of the Farmers Educational and Co-
operatives Union of America, which
will be held at Versailles, July 28, 29 and 30
will be a big picnic and barbecue which
will be held at Spring Hill, Senator
Camden's home place, Wednesday, July
28.

Senator Camden telegraphed to Frank
McKee, of Versailles Saturday inviting
the farmers to be guests at his place
on that date, and promised to be pre-
sent to make them welcome if it were
possible for him to get away from
Washington. Mr. McKee said that Sen-
ator Camden had advised him that he
thought he could make arrangements
to be present and join with the farmers
in their meetings and celebrations. He
said he would do so if it was possible
to do so without neglecting his duties
at Washington.

Other plans for the entertainment
of the visiting farmers are being ar-
ranged by the Woodford County mem-
bers of the Farmers Educational and Co-
operatives Union, and Mr. Camden's
invitation to come to his farm for a
big picnic and barbecue was gladly ac-
cepted, with the splendid hospitality ex-
tended by Senator Camden last sum-
mer not yet forgotten.

Though the barbecue and ceremonies
this year will not be as pretentious as
last year, several notable speakers are
expected and almost as many visitors
as were present last year probably will
attend.

President Barrett, of Union City,
Ky., chief executive of the national
organization, has promised to be pre-
sent and address the meeting and Dr.
Fred Mitchell, of Lexington, connected
with the United States department of
Agriculture will deliver several talks
during the convention and ate barbe-
cue.

Many other prominent officials and
members of the national organization
have accepted invitations to be pre-
sent and address the convention.

At the barbecue last year at Spring
Hill, at which Senator Camden was
host, it was variously estimated that
between 15,000 and 25,000 visitors gath-
ered to hear the speakers, experts in
agricultural matters, from all over the
country and partake of the hospitality
of Woodford County's leading citizen-
farmer.

The farmers' Educational and Co-
operative Union of America, the Ken-
tucky division of which will meet at
Versailles, is the largest and most
powerful agricultural organization in
America. It has 3,000,000 members,
among whom are agricultural experts
in nearly every state in the Union.

BAPTISTS WIN TIGHT GAME

Hottest Contest of S. S. League Play-
ed Monday Afternoon

How They Stand

Baptists Won Lost Per Cent

Baptists 4 2 2 100

Christians 3 2 2 600

Methodists 2 3 3 400

The hottest ball game of the Sunday
School League season was played Mon-
day afternoon when the Baptists de-
feated the Christians by a score of 8 to 7.
The niggers were out in full force and
kept things lively. The pitching and
bunting of Wallace Singleton for the
Baptists figured the game. He held
the hard hitting Christians down in
the style when his would mean runs
and won his own game with a home
run to center field when the score was
tied up in the eighth. Leplew had the
rest of the Baptist batters on his staff,
however, for he struck out the next
three men. The Christians came near
tying it up if not winning it in the
ninth inning when they pushed a man
around as far as third, but Manager
Walker struck out for the final out.
The score:
